

## NOTICE TO ALL TEAMS

May 1, 2018

Unfortunately, we must limit the total number of teams for which may compete in the 2018-2019 season due to growth beyond financial assistance. We have made some changes to the FLL and FTC program.

The season shall be restricted by program and shall be a first come, first served. Teams that do not register by the deadline will not be allowed to compete. Teams that do not meet the payment deadline will not be allowed to compete and their slot will be given to a team on the waitlist.

This is required to ensure appropriate resources are ready for the competition season.

### Team Limits Per Program:

- FIRST Lego League Jr (FLLJr) - **150** teams
- FIRST Lego League (FLL) – **144** teams
- FIRST Tech Challenge (FTC) – **160** teams
- FIRST Robotics Competition (FRC) – **15** teams

**Deadlines:**    **Registration Opens:** May 10, 2018

**Registration Closes:** August 1, 2018

**Payments / POs due:** September 30, 2018

### FIRST Lego League (FLL) Modifications:

FIRST RG<sup>®</sup> will host two official “scrimmage” events and teams will have to sign up for each event. There is not enough space for all teams at the two events, so it will be on a first come, first served format. Teams that are registered and paid, will be given an opportunity to register for an official “qualifier” that they can compete at. Teams are only required one qualifier per season to be considered for the “FIRST RG<sup>®</sup> FLL Championship” that will be held in March, 2018.

### FIRST Tech Challenge (FTC) Modifications:

FIRST RG<sup>®</sup> will host two official “scrimmage” events and teams will have to sign up for each event. There is not enough space for all teams at the two events, so it will be on a first come, first served format. Teams that are registered and paid by the September deadline will be assigned to a “metro league”. Coaches that have 3 or more teams may choose to group teams in any three leagues.
